

# Lakeland Catholic School Division

## Christ Our Model. Children Our Focus.

## Superintendent's Report - June 2023

### Recognizing Student Achievement

Whether it was academic or athletic success, students across the division were recognized for their achievements through awards ceremonies hosted at each school site.

In alignment with Goal 2: Student Success, schools held award ceremonies that acknowledged the various accomplishments of their students.

In some cases, students received numerous accolades and scholarships after dedicating years to their education.

Not only academic and athletic successes were recognized. Students were also awarded for their citizenship, fellowship, and exemplifying Catholic Christian values.

### End of Year Masses

Staff, students, and community members gathered for End of Year Mass at their respective locations, as they thanked God for another blessed school year.

This is an example of Goal One: Catholic Christian Identity.

### Kinder Photo Contest

In alignment with Goal Two: Student Success, Lakeland Catholic held a unique contest for future Kindergarten students. In July, the winner of the first LCSD Discover Kindergarten Photo Contest was named. The winner was presented their prize, a scooter, at their school.

### National Indigenous Peoples Day

Staff and students participated in various learning opportunities relating to Indigenous peoples. From attending local events, to hosting one of their own at their school site, schools provided an occasion for their community to dive deeper into their understanding and knowledge of Indigenous culture.

This aligns with Goal Three: Equity and Inclusion.
